Forecast for Thursday 16 Dec 2021

Weather: Outbreaks of light rain spreading north in the early hours, mainly affecting western ranges. Rain will fizzle out during the morning. Low cloud continuing to shroud the tops in the west but some brightness coming through in the afternoon over the Cairngorms. Clear spells developing more widely through the evening.

Chance of cloud free mountain/hill tops above 800m: 20% in morning becoming, 60% in the afternoon, best chance in east.

Visibility: Persistent low cloud and fog above 400 or 500m in the morning, bases rising to 700-900m in the afternoon with cloud breaking up over the Cairngorms. Below the cloud, perhaps a few km at times in early rain but becoming good by afternoon.
